Section 1: Committee Updates

This section is filled out by the chief officer from each of the Alliance LARP committees.

Rules

This month, ARC continued their review process of the in-progress 2.1 rulebook draft and updated race packets and provided notes to the Documentation committee. There have also been a number of proposals made by the Owners that ARC has worked to incorporate into the language of the 2.1 rulebook.

Technical

The Tech team created 2.1 compatible tools to assist with Treasure Policy and tag generation. Ongoing projects include an updated Monster Database, an encounter generator, and updates to the upcoming AMS.

The team is interested in recruiting skilled React developers. If you want to get involved, email Albert at: dragonstamps@alliancelarp.com.

Diversity

This month, Diversity completed a pitch to the Alliance Presidents to change the word “Race”. The pitch has been relayed to the Owners for feedback. Ongoing projects include making revisions to the Code of Ethics document, collecting discussion topics, and conducting surveys for accessibility information from each chapter.

Design

In addition to assisting with the upcoming 2.1 rulebook, the Design team continues their work on an updated Monster Database. It is the team’s intention for it to be fully launched alongside 2.1 on June 1st.

Documentation

Progress has continued on the updated 2.1 rulebook, we are very excited for everyone to see it!

Publicity

The Publicity team is still in search of a new Chief Officer.

Best Practices

Squee F. has been onboarded as the new Chief Officer, and the committee is back on its feet producing content.
