## **Section 1: Committee Updates**

This section is filled out by the chief officer from each of the Alliance LARP committees.

### **Rules**

ARC spent October revisiting the 2.1 crafting mechanism based on pieces of owner feedback as well as discussions on other pieces of 2.1.

### **Technical**

The Technical team has continued their work on the upcoming AMS. In addition, the committee kicked off their new Rebranding effort focused on updating Alliance's web presence. The team is currently recruiting for these efforts, and is looking for developers who can get started quickly (and already have experience with the Node/React stack) and for new developers willing to learn. If you're interested in getting involved, email Albert at: [dragonstamps@alliancelarp.com](mailto:dragonstamps@alliancelarp.com).

### **Diversity**

The Diversity committee spent time this month identifying current action items, and began brainstorming an official Alliance Code of Ethics document.

### **Publicity**

The Publicity team is still in search of a new Chief Officer.

### **Design**

Design is making progress on Project Lineage, Project Monster Desk, and have spent time processing owner feedback on 2.1.

### **Documentation**

The Documentation team is currently working on the design and final wording of the rulebook in preparation for the final 2.1 rules.

If there is anyone who would like to assist the Documentation committee on design feedback on a case-by-case basis, especially anyone who has any reading or visual difficulties, we are trying to make the new 2.1 rulebook as accessible as possible to everyone. Please contact Sarah at [clothosbs@gmail.com](mailto:clothosbs@gmail.com) if you have any interest.

### **Best Practices**

The Best Practices committee worked on drafting an Alliance Mission Statement and a document to assist chapters for designing menus to feed their player base.
